

# HAZEL LEUNG

User Experience | Interaction Design

*Highly motivated UX Designer. With a background in scientific research, I am detail oriented, a critical thinker, and a quick, adaptive learner. Experienced end-to-end designer, from ideation to prototyping and implementation.*

## EDUCATION

### University of California, San Diego

Sept 2015 - expected June 2019

B.S. Cognitive Science, Human-Computer Interaction

Recipient - 2018 Earl Warren College Undergraduate Research Scholarship

## WORK EXPERIENCE

### UX Designer & Web Developer

Workplace Technology Services | UC San Diego | June 2018 - Present

Worked with various university campus clients to define client website vision. Designed UI layouts and executed website project work plans with a rapid turnaround and high level of quality. Implemented website designs with HTML, CSS, and JavaScript. Analyzed information architecture and design practices and implemented organizational and visual improvements that were adopted in live website updates.

### Research Assistant

Comparative Cognition Laboratory | UC San Diego | May 2016 - Present

Conducting an independent cross-cultural research project studying adults' perception on entitlement and property. Developed research expertise: literature reviews, experimental design, ethnography, behavioral coding, data analysis. Collected & coded 250+ hours of video data with high level of accuracy.

### UX Designer

Birch Aquarium at Scripps | UC San Diego | June 2018 - Sept 2018

Spearheaded exhibit human-centered design efforts as a UX Team leader. Mapped interaction flows and conducted usability testing for prototypes. Mentored teammates with no UX background about interaction design and user testing to a high level of understanding. Presented exhibit design process, usage, and science connection to UC San Diego engineering department executives. Conceptualized, developed, and fabricated a multisensory, interactive exhibit that successfully teaches wave science to children and adults.

## SKILLS

### Design

Interaction Flow  
Usability Testing  
Storyboarding  
Wireframing  
Heuristic Evaluation  
Personas  
Prototyping  
A/B Testing

### Research

Ethnography  
Behavioral Coding  
Experimental Design  
Statistical Analysis  
Data Modeling  
Survey Design  
Amazon MTurk

### Software

Sketch  
Photoshop  
Illustrator  
InDesign  
Invision  
Solidworks

### Coding

HTML, CSS, JS  
Java  
R

### Languages

English  
Mandarin  
Cantonese
