📱 upon request

Highly motivated UX Designer. With a background in scientific research, I am detail oriented, a critical thinker, and a quick, adaptive learner. Experienced end-to-end designer, from ideation and research to prototyping and implementation.

EDUCATION

University of California, San Diego

Sept 2015 - expected June 2019

B.S. Cognitive Science, Human-Computer Interaction
Recipient - 2018 Earl Warren College Undergraduate Research Scholarship

WORK EXPERIENCE

UX Designer & Web Developer

Workplace Technology Services | UC San Diego | June 2018 - Present

• Worked with various university campus clients to define client website vision.
• Designed UI layouts and executed website project work plans with a rapid turnaround and high level of quality.
• Analyzed information architecture and design practices and utilized HTML, CSS, and JavaScript to implement organizational and visual improvements that were adopted in live website updates.

Research Assistant

Comparative Cognition Laboratory | UC San Diego | May 2016 - Present

• Conducted an independent cross-cultural research project studying adults' perception on entitlement and property.
• Developed research expertise: literature reviews, experimental design, ethnography, behavioral coding, data analysis.
• Collected & coded 250+ hours of video data with high level of accuracy.

UX Researcher

Birch Aquarium at Scripps | UC San Diego | June 2018 - Sept 2018

• Mapped interaction flows and conducted usability testing for prototypes.
• Led UX efforts and mentored teammates with no UX background about human-centered design and user testing to a high level of understanding.
• Conceptualized, developed, and fabricated a multisensory, interactive exhibit that successfully teaches wave science to children and adults.
